Applicant's arguments filed 10/28/02 have been fully considered but they are not persuasive.

Rejection of claims 1-9 under 35 U.S.C. 103(a) will be maintained over Masayuki and Langley for reasons on record and reasons as follows.

I. Applicant argues that Masayuki and Langley taken together or alone does not suggest that one would be motivated to use a post-emergent herbicide in a pre-emergent manner. In claims to a composition a statement with respect to the intended use of the composition has no patentable significance.

II. Applicant argues that 2-(4-chloro-fluoro-5-propagyl-oxophenyl-5,6,7,8-tetrahydro-1H-1,2,4-triazolo-(1,2-a)-pyridazine-1,3,2H-dione) is not included in instant invention. Note claims employ the term "comprising" which leaves claims open to the inclusion of additional ingredients such as said dione compound. Furthermore claims 1-3,6-9 do not specifically name post-emergent herbicides.

III. Claim Objection / Allowable Subject Matter

Claims 14-16 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Claim 17 is allowable. The prior art does not teach or suggest the application of a post-emergent herbicide to an environment wherein harmful plants will reside prior to the emergence of the harmful plants. The prior art does not teach or suggest a composition comprising a post-emergent herbicide plus instant carriers.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CAR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CAR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
